## **Guidelines for Completing the Play Proposal**

FSP would like for as many members as possible to have an opportunity to be involved during the coming season. Therefore, we ask that you complete the Play Proposal in its entirety.

Please review the list of previously produced plays, as it is highly unlikely that FSP will repeat a show unless there is a compelling reason. A complete list may be found on this website or in the FSP program.

### **REQUIREMENTS**

- Submission of a written Play Proposal is mandatory.
- The Play Proposal must be submitted by the January board meeting which is usually the second Thursday of January.
- The Play Proposal must be received by the Planning Committee Chair prior to the above deadline.
- Please submit at least two plays (different genres if possible) for each time slot you desire in order that the committee may achieve variety in the season.
- You must supply the committee a copy of the script with the Play Proposal. FSP will order a reasonable number of scripts for your perusal if your selection is not already in your library.
